TO ALL COORDINATORS OF ENABLING UNIT

Dear Colleague,

You are, I am sure, aware that the university has taken several initiatives to facilitate the education of students with different disabilities. This includes waiving of all kinds of fees, hostel fees and the subsidy of 50% on the mess bill of hostels. The University is in the process of providing notebooks and metro card. Students with Disabilities were sent on educational tour by Gyanodaya Express as part of our inclusive education. The pavements and pathways all along the north campus were repaired with the support of Public Work Department to give free movement to our students.

You will be also glad to know that the Hon'ble Vice Chancellor takes keen interest in meeting these students in person and have met every student who have attended the various programmes organized by Equal Opportunity Cell. We are also happy to announce that the Equal Opportunity Cell in association with Rotary Club Riverside, Delhi is organizing a medical health check-up for students with disabilities at their various places of residence. The Centre is also planning its Cultural Festival, Sports Activities and Seminars in the coming months.

In view of the above we request you to support the University in its constant endeavour to create facilities for Persons with Disabilities and would also urge that such Students with Disabilities are given utmost care in their day-to-day classes in your College/ Department.

With Regards,

OSD (ओ.एस.डी.)
Officer on Special Duty
